

Dear Belair Bath and Tennis Club Member,

After reviewing the various proposals for the management of Belair Bath and Tennis, the Board of Directors has made a unanimous decision to offer Lighthouse Pool Management Inc. the opportunity to manage the daily operation of our pool. This was not an easy decision. After weighing all the proposal information in reference to the management of the pool, the Board of Directors believes the best decision for Belair Bath and Tennis was made.

Lighthouse Pool is a locally run company based in Hyattsville, MD that manages several pools in the D.C. metropolitan area. They have a very good reputation for helping clubs to address their membership problems. They also have a lot of great ideas on how to streamline, standardize, and improve the daily operations of our club.

Lighthouse Pool also recognizes Mark Wascavage's knowledge and extensive background, and has expressed an interest in keeping him on board, under their leadership, in a senior management role at BBT. The Board of Directors believes that a mutually beneficial arrangement can be achieved and hopes that he will choose to return to Belair Bath and Tennis in the upcoming year.

We are aware of possible member trepidation about this change, and realize that any change is not easy. In the best interests of the pool, we hope the membership will know and understand that we are doing our best to keep BBT going strong with the best programs and operations.

We are very excited about the future of the pool and look forward to working with Lighthouse in making this beneficial for all.

We appreciate your support and ongoing commitment to our pool. See you in the summer.

Sincerely,

The Board of Directors

Cristin Barrett, President

John Gannett, Vice-President

Daniel Crafty, Secretary

Stefanie Schneider, Treasurer

Kevin Chambers, Pool and Grounds

Cheryl Amitay, Swim

Juan Estrada, Membership
